Research Interest

- Electrospinning of biocompatible and biodegradable polymer
- Blends and nanocomposites by using electrospinning process
- Polymeric scaffolds for tissue engineering application

Education

M.Tech in plastics engineering, CIPET Bhubaneswar, 2006.

B.Tech in polymer technology, Madurai kamaraj university,2003.

Work experience

2008-current; Senior research fellow, National Chemical Laboratory, Pune.

2006-2008; Project assistant, Polymer Science & Engg Division, NCL, (Development of polyolefin nanocomposites).
